How to Restore Factory Default

Quick Steps

1. Press “Menu” to enter the main menu.

2. Press “Advanced,” which should be the last option.

3. Then enter your password. By default this is “admin.”

4. Next use the down arrow to reveal more options on the left.

5. Select the option “Reset to Factory,” choose your Reset Option at the top and then press the “Reset” button in red.

6. A warning will then show on the screen asking you to “Reset to Factory?” To proceed with this process, press “OK.”
